MANDATORY REQUIREMENTS

For Project Codes in Section B, the corresponding paragraphs in this statement of work shall be considered mandatory requirements, as well as the sections listed below:

A. Defendant/Person under supervision Reimbursement and Co-payment
B. General Requirements
C. Notifying USPO/USPSO of Defendant/Person under Supervision Behavior
D. Staff Requirements and Restrictions
E. Facility Requirements
F. Local Services (if applicable)

1. Urine Collection, Instrumented Testing and Reporting (1010)

The vendor shall perform the following procedures related to the collection, testing and reporting of urine specimens. The Designee will provide the vendor with the necessary urinalysis collection materials (i.e. Chain of Custody forms, vials, specimen bags, mailing boxes, mailing labels which include the cost of shipping); however, the vendor is responsible for printer ink, disposable gloves, cleaning agents, coloring agent, etc.

a. Storage of Urinalysis Supplies

The vendor shall:

(1) Store all urinalysis supplies in a secure area with access limited only to authorized vendor employees involved in the collection process.

b. **Secure Collection Area**

The vendor shall:

(1) To the extent possible, provide a lavatory only for collecting urine specimens that is not used by staff or others not providing urine specimens.

(2) If the lavatory is used by others not providing a urine specimen, the vendor shall:

(a) Limit the possibility of any interference with the collection process or adulteration of the specimen; and
(b) Limit access during the collection process to only those involved in the collection of urine specimens.

c. **Safety Precautions and Collector Training.**

(1) The vendor shall ensure that collectors reviewed and acknowledged the federal OSHA Bloodborne Pathogen regulations (29 C.F.R. 1910.1030). The vendor shall document the same in the collector's personnel file and the collector must certify they have received and understand the regulations. The vendor shall provide the documentation to the CO upon request.

(2) The vendor shall ensure that all personnel handling urine specimens wear disposable gloves designed for protection against bio-hazards and are familiar with standard precautions for handling bodily fluids.

d. **General Urine Specimen Collection Procedures**

(1) The vendor shall ensure defendants/persons under supervision:

(a) Remove jackets, coats, and large pocket items before entering the collection area. These items can be placed on a hook or table inside the collection area.
(b) Set aside purse or other carried items. These items can remain in the collection areas; however, must remain outside of immediate access from the defendant/person under supervision.
(c) Vigorously wash their hands using soap and water, then thoroughly rinse their hands to remove all soap and any adulterants from under the fingernails or on the skin, and finally dry their hands completely prior to voiding.
(d) Roll up long-sleeved shirts so the collector can examine defendant's/person under supervision's arms to detect

tampering devices or adulterants.

(2) The vendor shall ensure that the collectors:

(a) Verify the identity of the defendant/person under supervision by means of a state driver's license, state identification or other acceptable form of photo identification.

(b) Collect specimens from only one donor at a time. Both the donor and the collector shall keep the specimen collection container in view at all times prior to it being sealed and labeled.

(c) Complete a Chain of Custody (provided by the Designee) before a defendant/person under supervision voids following the chain of custody procedures and peel the Barcode label from the Chain of Custody form and place it on the bottle.

(d) Collect a minimum of 30 milliliters of urine to allow the laboratory to conduct the initial presumptive screen and confirmation tests. A specimen with less than 10 milliliters of urine is not acceptable for testing and shall not be submitted, unless specifically authorized by the Probation or Pretrial Services Office, as the nationally contracted laboratory will not test it due to insufficient quantity.

(e) Not flush urinals/toilets until the collection is completed and the collector advises it is safe to do so (a coloring agent is not necessary for direct observation of urine collection).

(f) Observe and document any indication (unusual color, odor) of specimen dilution and/or adulteration, or any unusual collection events or discrepancies.

(g) Close and tightly secure the specimen collection container, to ensure it will not leak. The collector shall ensure the container is tightly secured.

(h) Review the temperature of the specimen to determine if it is near body temperature, if applicable. If temperatures strips are provided by the Designee, the temperature of the specimen should be measured within 4 minutes of collection and should be within a range of 90 - 100 degrees.

(i) Use tamper evident tape or label across the top of the bottle cap and down the sides of the bottle, and the collector or defendant/person under supervision shall initial the tamper tape or label.

(j) Sign the Specimen Collection Statement of the Chain of Custody Form. The collector shall not sign the certification area of the form until the collection process is completed.

(k) Have the defendant/person under supervision sign the Chain of Custody Form after the collection process is

completed.

(l) Follow notification protocols outlined in this Statement of Work under Notifying USPO/USPSO of Defendant/Person Under Supervision Behavior.

e. **Observed Urine Specimen Collection Procedures**

The vendor shall:

(1) Directly observe defendants/persons under supervision voiding into a specimen collection container. Collectors observing the voiding process shall be the same gender as the defendant/person under supervision providing the specimen (no exceptions).

(2) The use of mirrors is acceptable if the mirrors aid the collector in viewing the voiding process.

f. **Unobserved Urine Specimen Collection Procedures**

The vendor shall perform the following urine specimen collection procedures if circumstances prevent the observed collection of a specimen. Unobserved urine collection should be a rare occurrence and not a general manner of vendor operations. The vendor shall ensure that collectors:

(1) Take unobserved specimens **only** when the defendant/person under supervision and the collector are not of the same gender or it is virtually impossible to collect an observed specimen. If circumstances necessitate the collection of unobserved specimens, the vendor shall contact the CO for approval prior to the collection. If unobserved collection has not been approved, the vendor shall not invoice for the collection.

(2) Secure any source of water in the area where the collection occurs, by either shutting off the water or securing its access with tamper evident tape.

(3) Remove and/or secure any agents that could be used to adulterate the specimen, such as soaps, cleaners, and deodorizers.

(4) Clearly document on the Chain of Custody Form all unobserved collections and document and obvious signs of substitution or contaminants.

(5) When provided by the Designee, use a temperature strip to measure urine specimen temperatures which should range between 90- and 100-degrees Fahrenheit. The time from voiding to temperature measurement is critical and in no case shall exceed 4 minutes.

(6) Obtain a second specimen from defendant/person under supervision whose urine specimen temperature is outside the range in (5) above. In an effort to prevent dilute specimens, reduce fluid intake to no more than 8 ounces per hour.

(7) Place a coloring agent in the commode to deter dilution of the specimen with commode water.

(8) Follow all general collection procedures in subsection d above.

g. **Urine Specimen Mailing and Storage** (For specimens shipped or transferred to contract national drug testing laboratories or on-site instrumented drug testing laboratories).

The vendor shall ensure that:

(1) Every specimen shipped or transferred to a testing facility is contained in a collection container specifically designed to withstand the rigors of transport. All collection containers shall be provided by the Designee.

(2) The collector places the specimen and corresponding Chain of Custody Form in the approved shipping container, notifies the shipper/delivery service/courier that specimen(s) are ready to be delivered to the laboratory, and places such containers in the custody of an approved delivery service or courier.

(3) Specimens shall be mailed/shipped no later than the close of business the day the specimens are collected, or the morning of the day following the collection.

(4) Urine specimens are stored in a secure area with access limited only to collectors or other vendor authorized personnel.

h. **"No Test" Policy**

The urinalysis laboratories under national contract with the Administrative Office of the U.S. Courts **will only test** urine specimens if all the following conditions are met.

(2) The specimen security seal or tamper evident system (e.g., tape) is present and intact.

(3) The specimen bar code label is present.

(4) The specimen is accompanied by the Chain of Custody Form.

(5) The specimen identifier (i.e., bar code number) on the bottle is identical to the number on the Chain of Custody Form.

(6) The collector's signature is on the Chain of Custody Form.

When any of the above conditions are not met, "No Test" will be stamped on the request report form and the reason for the no test will be checked or written in the space provided. Specimens that cannot be tested will be discarded. The vendor shall ensure that **all** the above conditions are present for specimens sent to the national drug testing laboratories and local or regional on-site laboratories. For districts using a local or regional on-site laboratory for testing of samples, the Chain of Custody Form shall also include the signature of the defendant/person under supervision.

For specimens that are received by the national drug testing laboratories or local or regional on-site laboratories and are untestable in accordance with the no-test policy or failure to follow the required collection guidelines, the vendor shall not invoice the district for the cost of the collection. The Designee will provide notification to the vendor of untestable specimens.

i. **Random Urine Specimen Collection Procedures**

The vendor shall provide random urine specimens collections in accordance with the following:

(1) The vendor shall collect random urine specimens at the frequency determined and authorized in the Probation Form 45.

(2) The vendor shall collect random urine specimens when the defendants/person under supervision have less than 24 hours' notice that a urine specimen is to be submitted.

(3) The vendor shall not alter a randomly scheduled urine collection without the approval of the CO.

(4) Upon request of the CO, the vendor shall develop and operate an automated phone notification system for random urine collections. The vendor shall obtain the approval of the CO for the design and operation of the phone-based system before putting it into use.

Prior to the use of any other log to record this information, the vendor shall seek approval of the log from the CO.

NOTE: Allowing anyone undergoing treatment to see the names or signatures of defendants/person under supervision violates federal confidentiality regulations regarding disclosure of drug or alcohol treatment records.

k. **National Contract Urinalysis Laboratories**

Some initial urine specimens are analyzed under a separate national laboratory contract secured by the Administrative Office of the U.S. Courts. Any confirmation testing completed on urine specimens that have a presumptive positive result shall be done by the national contract testing laboratory. The Designee shall provide supplies and instructions for the shipping and handling of specimens.

l. **Onsite Screening Urinalysis Laboratory**

Urine specimens are analyzed by onsite local or regional laboratories at some locations in Probation and/or Pretrial Services Offices. Specimens sent to these facilities shall be processed in the same manner as listed above. Upon award, the CO shall notify the vendor that it uses an on-site testing laboratory and provide supplies and instructions for the shipping and handling of specimens.

2. **Urine Collection/Testing - Non-Instrumented Drug Testing Devices (NIDTs) (1011):**

The vendor shall perform the following procedures related to the collection, testing, and reporting of urine specimens using NIDT devices. The Designee will provide the vendor with the necessary urinalysis collection materials (i.e. Chain of Custody forms if applicable, NIDT devices); however, the vendor is responsible for printer ink, disposable

gloves, cleaning agents, coloring agent, etc.

a. **Storage of Urinalysis Supplies**

The vendor shall:

(1) Store all urinalysis supplies in a secure area with access limited only to authorized vendor employees involved in the collection process.

b. **Secure Collection Area**

The vendor shall document the same in the collector's personnel file and the collector must certify they have received and understand the regulations. The vendor shall provide the documentation to the CO upon request.

(2) The vendor shall ensure that all personnel handling urine specimens wear disposable gloves designed for protection against biohazards and are familiar with standard precautions for handling bodily fluids.

d. **General Urine Specimen Collection Procedures**

(1) The vendor shall ensure defendants/person under supervision:

b. Recognizing the problems of limited bed space, vendors shall place referrals for residential placements in the first available bed space, recognizing priority placement above other referrals.

c. The vendor shall not unilaterally refuse services to any defendant/person under supervision referred by the Judiciary, except where the defendant/person under supervision poses an apparent danger to the vendor's staff or other clients. The vendor shall not deny access to services solely based on the defendant's/person under supervision's current participation in medication-assisted treatment (MAT), medical condition, disability, religion, ethnic origins or criminal record. The vendor shall not refuse service without approval of the Judiciary.

d. Termination of defendants/persons under supervision from treatment or other authorized services, based upon a violation of the vendor's program rules and regulations shall not be made without the approval of the Judiciary. b. Keep and identify all financial records, that disclose the identity of any defendant/offender as **CONFIDENTIAL**.

c. Keep all defendant/person under supervision records associated with the agreement for three (3) years after the final payment date under the agreement, for Government inspection and review, except that the vendor shall keep defendant/person under supervision records relating to litigation or settlement of claims arising out of the performance of this agreement, until final disposition of such appeals, litigation, or claims. A "No-show" occurs when a defendant/person under supervision does not report for scheduled services and/or does not cancel with at least 24 hours advance notice. It should be noted the vendor shall not invoice the Judiciary or receive reimbursement from the defendant/person under supervision for any no-shows. -

g. The vendor shall not request or accept payment either directly or indirectly from the defendant/person under supervision for services under this agreement unless the USPO/USPSO authorizes on the Probation Form 45 a co-payment for partial or total payment by the defendant/person under supervision.

b. The vendor shall not submit invoices to the Judiciary for services under this agreement where the vendor already has submitted invoices or received payment for the same services from other sources (e.g. state funding, private insurance, Medicaid, Medicare, etc.). Note: if the vendor submitted invoices and received payment for the same services from other sources, the vendor is not authorized to collect an administrative fee for receipt of payment and/or co-payment paid to other sources.

c. If the vendor has received any payments from insurance programs or other sources (e.g., state or local public assistance programs) for services for which the vendor has received payment from the Judiciary under this agreement, the vendor shall reimburse the Judiciary for these services.

(1) The USPO/USPSO may order reimbursement in the form of deductions from subsequent invoices according to USPO/USPSO instruction and the terms and conditions of this solicitation document.

SECTION H - SPECIAL AGREEMENT REQUIREMENTS

(a) The contractor assumes full responsibility for and shall indemnify the judiciary against any and all losses or damage of whatsoever kind and nature to any and all judiciary property, including any equipment, products, accessories, or parts furnished, while in its custody and care for storage, repairs, or service to be performed under the terms of this contract, resulting in whole or in part from the negligent acts or omissions of the contractor, any subcontractor, or any employee, agent or representative of the contractor or subcontractor.

(b) If due to the fault, negligent acts (whether of commission or omission) and/or dishonesty of the contractor or its employees, any judiciary-owned or controlled property is lost or damaged as a result of the contractor's performance of this contract, the contractor shall be responsible to the judiciary for such loss or damage, and the judiciary, at its option, may, in lieu of requiring reimbursement therefor, require the contractor to replace at its own expense, all property lost or damaged.

(c) *Hold Harmless and Indemnification Agreement* The contractor shall save and hold harmless and indemnify the judiciary against any and all liability claims and cost of whatsoever kind and nature for injury to or death of any person or persons and for loss or damage to any contractor property or property owned by a third party occurring in connection with or in any way incident to or arising out of the occupancy, use, service, operation, or performance of work under the terms of this contract, resulting in whole or in part from the acts or omissions of the contractor, any subcontractor, or any employee, agent, or representative of the contractor or subcontractor.

(d) The contractor shall indemnify and hold the judiciary, its employees, and others acting on its behalf harmless against any and all loss, liability, or damage arising out of the negligence, failure to act, fraud, embezzlement, or other misconduct by the contractor, its employees, subcontractors, agents, or representatives of the contractor or subcontractor.

(e) *Judiciary's Right of Recovery* Nothing in the above paragraphs will be considered to preclude the judiciary from receiving the benefits of any insurance/bonds the contractor may carry which provides for the indemnification of any loss or destruction of, or damages to, property in the custody and care of the contractor where such loss, destruction or damage is to judiciary property. The contractor shall do nothing to prejudice the judiciary's right to recover against third parties for any loss, destruction of, or damage to, judiciary property, and upon the request of the contracting officer will, at the judiciary's expense, furnish to the judiciary all reasonable assistance and cooperation (including assistance in the prosecution of suit and the execution of instruments of assignment in favor of the judiciary) in obtaining recovery.

(f) *Judiciary Liability* The judiciary will not be liable for any injury to the contractor's personnel or damage to the contractor's property unless such injury or damage is due to negligence on the part of the judiciary and is recoverable under the Federal Torts Claims Act, or pursuant to other statutory authority applicable to the judiciary.

SECTION I - REQUIRED CLAUSES

I.1 Clause 7-30, Public Use of the Name of the Federal Judiciary - (JUN 2014)

(a) The contractor shall not refer to the judiciary, or to any court or other organizational entities existing thereunder (hereinafter referred to as "the judiciary"), in advertising, news releases, brochures, catalogs, television and radio advertising, letters of reference, web sites, or any other media used generally by the vendor in its commercial marketing initiatives, in such a way that it represents or implies that the judiciary prefers or endorses the products or services offered by the contractor. This provision will not be construed as limiting the contractor's ability to refer to the judiciary as one of its customers when providing past performance information as part of a proposal submission, as opposed to general public marketing.

(b) No public release of information pertaining to this contract will be made without prior judiciary written approval, as appropriate, and then only with written approval of the contracting officer.

I.2 Subcontracting

Services the vendor proposes to refer to other service providers shall be considered subcontracting. The vendor (prime contractor) may subcontract the provision of treatment services to other service providers (subcontractors). After award, any proposed subcontractor arrangements or changes to the existing subcontractor arrangements are subject to the Contracting Officer's approval and shall be submitted in writing to the Contracting Officer at least 30 days in advance of the proposed subcontracting arrangement or change. The Contracting Officer will respond promptly with written approval or disapproval. The prime contractor shall not refer defendants/persons under supervision to any other vendor that has not been approved by the Contracting Officer in writing. The government reserves the right to revoke approval of any subcontractor at any time that does not meet the requirements of this contract.

The prime contractor is responsible to the judiciary for overall performance of the services required under this contract. If any services are subcontracted, the prime contractor shall ensure that the subcontractor is complying with the requirements of this contract, including the qualifications of any personnel providing services; the possession and maintenance of all appropriate state and local licenses in compliance with state and local regulations; and the appropriate documentation demonstrating compliance with all federal, state and local fire, safety and health codes. The prime contractor shall ensure that subcontractors are not debarred, suspended, or ineligible to perform under federal contracts.

A subcontractor has no contractual rights, known as privity of contract, against the judiciary. However, the subcontractor may have rights against the prime contractor.

Upon contract termination, the contractor must, except as otherwise directed by the CO, terminate all subcontracts to the extent that they relate to performance of the work terminated.

I.3 Clause 2-57 Notification and Credit Monitoring Requirements for Personal Identification Information (PII) Incidents

(a) *Definitions.*

Sensitive Information is any data or other information for which public disclosure, or disclosure to users who do not have a need to know to perform their jobs, can harm individuals, the U.S. government, or private organizations.

Personally Identifiable Information (PII) is information that can identify an individual, when used alone or with other relevant data. PII may contain direct identifiers (e.g., Social Security numbers) that can identify a person uniquely or quasi-identifiers (e.g., date of birth) that can be combined with other quasi-identifiers to successfully recognize an individual. The definition of PII is not anchored to any single category of information or technology.

Sensitive Personally Identifiable Information (SPII) is a subset of PII that if lost, compromised, or disclosed without authorization, could result in substantial harm, embarrassment, inconvenience, or unfairness to an individual.

Privacy Information includes both PII and SPII.

(1) Examples of stand-alone PII that are particularly sensitive include: Social Security numbers (SSNs), driver's license or State identification numbers, Alien Registration Numbers (A-numbers), financial account numbers, and biometric identifiers.

(2) Multiple pieces of information may present an increased risk of harm to the individual when combined, posing an increased risk of harm to the individual. SPII may also consist of any grouping of information that contains an individual's name or other unique identifier plus one or more of the following elements:

(i) Truncated SSN (such as last 4 digits);

(ii) Date of birth (month, day, and year);

(iii) Citizenship or immigration status;

(iv) Ethnic or religious affiliation;

(v) Sexual orientation;

(vi) Criminal history;

(vii) Medical information; and

(viii) System authentication information, such as mother's birth name, account passwords, or personal identification numbers (PINs).

(3) Other PII that may present an increased risk of harm to the individual depending on its context, such as a list of employees and their performance ratings or an unlisted home address or phone number. The context includes the purpose for which the PII was collected, maintained, and used. The same information in different contexts can reveal additional information about the impacted individual.

(b) *Determinations.* To determine whether information exposed in an unauthorized disclosure or security breach of information under the control of the Contractor or in an

information system under control of the Contractor at the time the incident is sensitive information, PII, or SPII, the Judiciary will perform an assessment of the specific risk that an individual could be identified using the exposed information with other information that is linked or linkable to the individual. In performing this assessment, it is important to recognize that information that is not PII when considered alone can become PII or SPII whenever additional information becomes available, in any medium or from any source, that would make it possible to identify an individual. Certain data elements are particularly sensitive and may alone present an increased risk of harm to the individual. Final determination of the categorization of exposed information as sensitive information, PII, or SPII shall be made in writing by the CO.

(c) *PII and SPII Notification Requirements.* (1) No later than 5 business days after being directed by the Contracting Officer, or as otherwise required by applicable law, the Contractor shall notify any individual whose PII or SPII was either under the control of the Contractor or resided in an information system under control of the Contractor at the time the incident occurred. The method and content of any notification by the Contractor shall be coordinated with, and subject to prior written approval by, the Contracting Officer. The Contractor shall not proceed with notification unless directed in writing by the Contracting Officer.

(d) All determinations by the Judiciary related to notifications to affected individuals and/or Federal agencies and related services (*e.g.,* credit monitoring) will be made in writing by the Contracting Officer.

(e) Subject to government analysis of the incident and direction to the Contractor regarding any resulting notification, the notification method may consist of letters to affected individuals sent by first-class mail, electronic means, or general public notice, as approved by the Contracting Officer. Notification may require the Contractor's use of address verification and/or address location services. At a minimum, the notification shall include:

(1) A brief description of the incident;

(2) A description of the types of PII or SPII involved;

(3) A statement as to whether the PII or SPII was encrypted or protected by other means;

(4) Steps individuals may take to protect themselves;

(5) What the Contractor and/or the Government are doing to investigate the incident, mitigate the incident, and protect against any future incidents; and

(6) Information identifying who individuals may contact for additional information.

(f) *Credit Monitoring Requirements.* The Contracting Officer may direct the Contractor to:

(1) Provide notification to affected individuals as described in paragraph (b).

(2) Provide credit monitoring services to individuals whose PII or SPII was under the control of the Contractor or resided in the information system at the time of the incident for a period beginning the date of the incident and extending not less than 18

months from the date the individual is notified. Credit monitoring services shall be provided from a company with which the Contractor has no affiliation. At a minimum, credit monitoring services shall include:

(i) Triple credit bureau monitoring;

(ii) Daily customer service;

(iii) Alerts provided to the individual for changes and fraud; and

(iv) Assistance to the individual with enrollment in the services and the use of fraud alerts.

(3) Establish a dedicated call center. Call center services shall include:

(i) A dedicated telephone number to contact customer service within a fixed period;

(ii) Information necessary for registrants/enrollees to access credit reports and credit scores;

(iii) Weekly reports on call center volume, issue escalation (*i.e.,* those calls that cannot be handled by call center staff and must be resolved by call center management or DHS, as appropriate), and other key metrics;

(iv) Escalation of calls that cannot be handled by call center staff to call center management or AOUSC, as appropriate;

(v) Customized Frequently Asked Questions, approved in writing by the Contracting Officer in coordination with the Judiciary Breach Response Team (BRT); and

(vi) Information for registrants to contact customer service representatives and fraud resolution representatives for credit monitoring assistance.

(g) *Flow-Down Clause Requirements.* For each subcontractor whose work requires access to judiciary facilities, IT resources, or data, the contractor certifies that it has incorporated this clause in the subcontract. Any breach by a subcontractor of any of the provisions set forth in this clause will be attributed to the contractor.
